

## GCUF Online Exam - Some common errors and remediation

### 1. URL Not Found

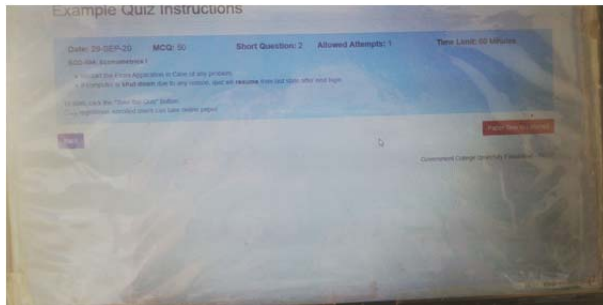

### 2. Next button not working

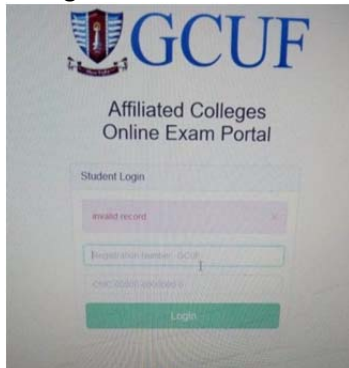

These errors can occur when connection is lost between server and client. In case of this problem, just close the exam browser and start it again, exam will resume from last saved point.

### 3. Paper time not started or Time Expired

Students are advised to start the exam on time given on date sheet. In case of connection lost described above, exam will not resume after allocated time

### 4. Login

College focal persons are requested to prepare a list of students in excel who are not able to login according to this format, we will add in our system
